The Dimmer View

by MAX GOODWIN

We are asked by clubs and organizations from time to time, why we refrain from running stories about their "raffles" and the answer is as simple as the law is succinct.

It's illegal.

Postal Lottery Law, Title 18, section 1302, United States Code, prohibts the mailing of lottery matter—whether such mailing is a ticket, payment or advertisement.

It makes no difference whether the raffle is conducted for charity or other worthy causes, the material concerning it cannot go by mail.

This newspaper, as you all know, comes to regular subscribers by mail. That brings us under the direct scrutiny of Postmaster General Arthur E. Summerfield. If we run an advertisement about a raffle, bingo or lottery, or even run a story pertaining to it, we will be withheld from the mails.

What is a lottery?

The law says a lottery is anything that contains these elements: consideration, chance and prize. Door prize drawings, where no consideration is present such as money or the purchase of merchandise, avoids the classification of lottery.

If someone wants to donate a buck or two to the cause, it is not the fault of the newspaper, but we can neither encourage it nor publicize it through our columns.

An interesting study of what the future appears to hold for high school students was made recently at Mt. Miguel. The study was in the form of a questionnaire which Principal Melvin Grant distributed among junior year college preparatory students. The purpose, actually, was for programming for the coming year.

The study showed, unsurprisingly enough, that nearly 100 of 150 students answering this part of the questionnaire planned to attend San Diego State College.

But then the material became more revealing . . . and amazing, we thought.

Half of all the students said they had no earthly idea how much it costs a year to go to college.

Two hundred and seventy eight students said they expected to finance their college education this way: Parents, 110; work, 134, and scholarships, 34. And 21 of the students in the former two categories said they were not interested in scholarships at all.

Here is the most refreshing revelation of the study. Of those answering this section, 31, or 22 per cent said they planned to become teachers when they completed college!

That tells us that teaching has finally come into its own as a profession.

Highway Patrol boys, and our own town's policeman, Sheriff's Deputy Hal Johnston have expressed concern about the small hill-crest on Broadway in Lemon Grove because it obscures a pedestrian cross walk to motorists going east, and hides the town's main intersection to westbound motorists. Because of it, time-and-distance is dramatically reduced between walker and driver.

This is not to indict motorists, and certainly not the pedestrians, both of whom are put in jeopardy by the mid-town crest. As Johnston and his co-workers point out, if local people are aware of the danger it may avert possible tragedies.

We thought this warning would be a good point on which to question the Department of Motor Vehicles concerning the rights of pedestrians.

"Vehicular traffic," they say, "shall yield the right of way to pedestrians lawfully within an intersection or adjacent crosswalk," and "pedestrians facing a signal may cross" without vehicular interference. This applies to vehicles making right or left turns, too.

Jaywalking, says the DMV, is prohibited. Their records show a high percentage of daylight pedestrian accidents stemming from this cause.

But even here the pedestrian is protected by the section which says: "The . . . (law) shall not relieve the driver . . . to exercise due care for the safety of any pedestrian on the roadway."

The law, all the way up and down, favors the walker. Any way you look at it it's illegal to hit a pedestrian.

Boosters' Club Reorganization Wins Approval

Reorganization of the Boosters' Club (chamber of commerce retail merchants' division) was approved by local business firm representatives Monday at the Lemon Grove Chamber of Commerce's first annual Retail Clinic.

The meeting was held in the Junior high school auditorium.

The decision, Bill Parker, chamber president, announced later, was not in criticism of the Boosters operation. The chamber, he said, had acquired paid employes since the Boosters was formed and some of the workload could be transferred to the chamber by bringing the two groups into closer operation.

The group studied answers to a questionnaire which had been distributed earlier this year to all local firms. Most interest centered around the impact expected on local firms when the new College-Grove shopping center opens next year.

BREAKFAST MEETING

— Another meeting of retail merchants has been scheduled for Tuesday at 8 a.m. at the Kountry Kitchen on Broadway and Imperial, opposite St. John of the Cross Church.

On the agenda will be the reorganization of the Boosters Club and election of a governing body for the reorganized group.

Charles Kerch, area manager for Curtis Coleman and Associates, investors and property developers, was speaker. He said the College-Grove shopping center should do $30 to $40 million worth of business the first year and Lemon Grove business firms should expect to drop back to their 1958-59 volume as a result. This, he said, would be equivalent to a 15 per cent to 20 per cent decrease in sales volume.

Kerch said that growth of population probably would reduce the pain of decrease in volume to less than a year.

"Certainly nothing disastrous appears on Lemon Grove's business horizon," he said. "My firm sees many plus values for Lemon Grove."

The plus factors, he pointed out, are:

Lemon Grove business firms do more volume against cost per square foot in rent than firms do in North Park, El Cajon or Chula Vista.

A Lemon Grove variety store (Sprouse-Reitz) has consistently had larger increases in volume than any store in its chain.

Population in the Lemon Grove trading area will triple in the next ten years.

San Diego County Fair, Exposition Start 10-Day Run in Del Mar Friday

The 20th edition of the Southern California Exposition and San Diego County Fair will be swinging high with excitement when it opens a 10-day run in the picturesque town of Del Mar on Friday.

With a look into the skies, the big show will feature the fabulous Flying Indians from Southern Mexico, the high-wire and trapeze acts of the internationally famous Polack Bros. circus and the high-diving performers of Lenn Laden's huge Holiday Watercade.

Fair officials expect that a record-shattering 250,000 will throng the 265-acre farigrounds for the 10-day run. Last year's total of 248,039 set the record for 10 days.

Excitement will be at every turn with the "Era of the Six Gun," a western "shoot-em-up" melodrama scheduled five times daily, quarter-midget races for the youngsters, veteran car races on the fast mile track, a sports car gymkhana and a huge fireworks display.

A blue ribbon attraction, of course, will be the national horse show, featuring the world's largest junior competition.

Sharing in the spotlight of things to do and see will be a hobby show, international salon of photography, home arts, agriculture and horticulture, livestock and armed services equipment.

John Sheedy's world-famous collection of Indian culture of Southwestern tribes valued at $100,000 will be on display in Harvest Hall and a 4½-million dollar Crown of the Andes in the numismatics section are new features.

The Promenade of Flowers, the West's largest, has spilled out to five acres with its colorful live creations of foliage and is a sure bet to attract most of the fairgoers.

NEW PRESIDENT FOR LIONS — Emmett Marshall, left, is handed the Lions' presidential gavel by V. J. Dorman, who has completed a year at the head of the Lemon Grove Lions group.

Traditional installation dinner-dance was held Saturday at Casper's in El Cajon. Formal installation takes place this week on Thursday at Michael's Cafe, the club's regular meeting place.

Installed for the 1959-60 year with Marshall are: Pete Wood, first vice president; John Farle, second vice president; Jack Lange, secretary-treasurer; Lowell Hadley, lion tamer, and Walter (Bob) Morris, tail twister.

Elected as board members are Larry Folda, Howard Matheny, Charlie Montgomery and Dr. Basil Maloney.

Couple Hurt When Car Hits Sign

A Lemon Grove girl and an El Cajon man were painfully but not seriously injured early Monday morning when their car hit a concrete-imbedded signpost at the intersection of Grove Street and Broadway in Lemon Grove.

Officials at Grossmont Hospital said that Cecil Boyd, 28, of El Cajon (the driver) and Carole Jensen, 22, of 7030 San Miguel, Lemon Grove, were treated for facial cuts and were released from the hospital.

Local Women to Race In Powder Puff Derby

Mrs. Anna May (Boo) Christensen, 2511 Mulder St., Lemon Grove, and Mrs. Dottie Sanders, 1526 Koe St., are scheduled to fly in this year's Powder Puff Derby.

Mrs. Christensen will fly as co-pilot with dynamics engineer Mrs. Therese Vasques of La Jolla. Mrs. Sanders will fly as pilot, with Mrs. Marian Jeppsen of Mission Hills as co-pilot.

The Vasques-Christensen team will fly a Beechcraft Bonanza D-35. The Sanders-Jeppsen duo will fly a Cessna 140-A.

The woman pilots will start the cross-country race on July 4.

This will be Mrs. Sanders' eighth race in the Powder Puff Derby. She has flown twice as co-pilot and five times as pilot. She placed 16th last year and has placed in the top 10 in three races.

Halleman's Cotton Patch Restaurant of San Diego is sponsoring the Vasques-Christensen team.

Mrs. Sanders is sponsored on the flight by the Lemon Grove Chamber of Commerce.

Mrs. Christensen obtained her pilot's license two years ago and now holds a private license with more than 155 hours flying time. She is employed as a secretary at Rohr Aircraft Corp., Chula Vista. Her husband, Chris, also an active pilot, is a certified public accountant in La Mesa.

July 4 will see more than 100 women pilots competing for numerous awards and trophies in the annual runnnig of the All-Woman Transcontinental Air Race.

Better known as the "Powder Puff Derby," this yearly race

Del Mar to Get Services Free for One More Year

SAN DIEGO (CNS) — County areas that incorporate should get as much free county service as possible, to enable them to get on their feet financially, the County Board of Supervisors decided last Thursday.

The Board agreed to put off official creation of Del Mar until after July 1, so that the new city will be entitled to free county services for a whole year more. Ten days earlier Supervisors indicated they were going to make Del Mar pay for everything after June 30.

However, the Board took this action on the agreement of members of the new city's council that they would not enact a sales tax ordinance at once, so the county will continue to receive this revenue.

Thursday's action was awaited with interest in other county communities considering incorporation, and Supervisor David W. Bird predicted none of these communities would do what Del Mar voters had done, hold an election at a time when Supervisors could control whether or not the free services would be given.

Del Mar's uncertain fate resulted from the fact it voted in May to incorporate and Supervisors could have voted any time to make it a city. The state law provides that a city gets free county services to the June 30 following the time it officially became a city.

Youth Injured In Auto Crash

Lynn Townsend, 21, a San Diego State College student, living at 3868 Spring Dr., Spring Valley, was seriously injured in a two car accident on Lake Murray Blvd., Friday of last week. He was taken to Grossmont Hospital with a concussion, according to his mother, Mrs. Robert E. Townsend, of the same address. He has since been released and is at home.

Urges Planning For Growing Tri-Community

A Casa de Oro realtor who also is a member of the County Planning Commission told Lemon Grove Businessmen Friday that the Spring Valley-Casa de Oro-Lemon Grove area needs an industrial section.

He urged cooperation among the people of the area in working for such a section "no matter where it eventually is located."

The planning commissioner, Gilbert Ray, said further that with cooperation among the communities, "We could control the shopping in the East County area."

He predicted that within five years there will be 40,000 people in the "trade area" served by Casa de Oro alone. "Add the area served by the rest of Spring Valley and by Lemon Grove," he said, "and we will have a tremendous shopping area."

But Ray urged careful and immediate planning. He said that Casa de Oro is in "better shape" than Lemon Grove in this respect.

"Lemon Grove is growing too rapidly," he said. "You have too much duplex-type zoning and too little zoning to protect the luxury-type homes."

Casa de Oro, he said, is rapidly changing from "the dump", that

Youth Paralyzed In Diving Accident

Richard Ellingson, son of Mrs. Robert Pitts, 2913 Central Ave., Spring Valley, has recovered the use of his arms but is still paralyzed below his waist following a diving accident last week.

With two Mt. Miguel high school chums, Ellingson raced into the bay at Shelter Island Friday. The chums, Stan Mangold, 3254 Kempf Street, Lemon Grove, and Fred Lindahl, 3245 Acacia Street, said Ellingson made a shallow dive near the water's edge and became unconscious. They pulled him onto the beach and summoned aid. At Doctor's Hospital he underwent treatment for a broken neck.

His mother said the fifth vertebra of his spine injured his spinal cord. He was paralyzed below the neck.

Tuesday, she reported that the lad moved his arms for the first time. "Today (Tuesday) is his birthday and the Lord gave him back his arms for a birthday rememberance," she said.

On Tuesday Ellingson was 17.

Supervisors Repeal Land Division Law

SAN DIEGO (CNS) — County controls on divisions of land were repealed Tuesday by the County Board of Supervisors, before an applauding audience of real estate people and engineers.

The vote for the repeal was three to one, with Supervsior Frank Gibson casting the single negative vote and Supervisor David W. Bird absent.

The Board's action came as something of a surprise, as Supervisor De Graff Austin a week earlier had said he would not vote to remove existing controls on divisions of lands until alternatives were enacted.

Only the state subdivision map act now restricts land divisions in the county's unincorporated areas. The part of the law repealed Tuesday, section 548 of the zoning ordinance, was enacted in 1954 to provide protections not in the state act.

The part of the law that was repealed required that any division of land into more than four parcels in a zoned area had to be done with a subdivision map or a record of survey. It was designed to prevent the activities of what have been called "professional four by four by four operators."

Under the state law, land divisions into four parcels are permitted once a year, without the filing of a map or other inspectin, so that a 16-acre piece of land could be divided into 64 parcels in a period of two years and a day.

This was formerly possible in unzoned areas, but will be possible in zoned areas, too, until a substitute for section 548 is enacted.

Broadway Street Job Scheduled

The improvement of Broadway in Lemon Grove will be in two phases, Road Commissioner David K. Speer stated Monday.

Construction is scheduled to start first on the area from College Avenue to Olive Street. The County Board of Supervisors Friday budgeted $240,000 for this project. It was described as Federal Boulevard from College to Kempf, but Speer said the Olive to Kempf work is to come later. He said the description of the work in the revised budget would be from College to Olive.

The only thing that can delay the present schedule for starting work on the first phase, according to Speer, is the failure of landowners along Broadway to furnish the county with the needed rights of way.

"There is a lot of traffic on Broadway," Speer said. "Almost 13,000 vehicles daily travel this road, with a peak of 20,000 sometimes reached. This traffic, we believe, is in connection with the local shopping area. The through traffic takes the freeway."

The road commissioner then said that any delay in widening Broadway, due to failure of local property owners to cooperate, might hurt Lemon Grove business interests.

"Improvement of Broadway is needed for two reasons," he declared. "Drainage has to be controlled, for water is now pouring into stores in the area after a rain. Also, four lanes are needed to relieve congestion among shoppers driving into the retail trade area. The present inconvenience might cause these buyers to go elsewhere."

The county is now seeking rights of way on the Broadway area from College to Olive, according to James Finch, county road department right of way chief. He said 48 parcels have still to be heard from, and the owners are being contacted on a personal basis.

Owners of the land along Broadway from Olive to Kempf were sent letters just last week, asking them to contribute the needed right of way, Finch declared. He estimated the property

Local Roads Included in New Budget

SAN DIEGO (CNS) — Major road projects in Lemon Grove and Casa de Oro were included Friday in a county road budget of $5,769,950 approved by a three-to-two vote of the County Board of Supervisors after a prolonged and bitter debate.

Supervisor Dean E. Howell begged his fellow board members to put off action until Monday. "Let us think over it, sleep over it and pray over it a little," said Howell.

The budget which the majority approved was the final one drawn up and submitted by the road department, and Board Chairman Robert Dent and Supervisors David W. Bird and Frank Gibson were the majority which approved it.

Supervisor De Graff Austin joined Howell in opposition. Austin called the majority action "a cheap maneuver."

Major projects approved in the East County area include $240,000 to widen Lemon Grove's Federal Boulevard (Broadway) to four lanes from College Avenue to east of Imperial. Another $99,000 is allocated for work on Massachusetts Avenue in Lemon Grove in connection with the Broadway project.

Reconstruction of La Mesa Colony's 70th Street, from Saranac to Highway 80 is to get $35,000, and $17,200 has been set aside for a new road from Estrella Drive to Challenge Boulevard in Casa de Oro.

Shopping Center Annexation Seen

SAN DIEGO (CNS) — Steps have been started leading toward annexation to La Mesa of 86 acres planned for a giant shopping center.

The County Boundary Commission Tuesday approved the boundaries of Elliot Cushman's Grossmont Center. Next step is acceptance by the City of La Mesa of the area, which lies in county territory near Grossmont Hospital.

Letters to The Editor

Editor:

To rezone or not to rezone is the question confronting home owners south of Buena Vista Drive, west of South Cordoba Avenue, and the Helix-La Mesa country club area.

Should these areas remain R-1 or convert to R-3? On the face of it, it sounds like money in the bank for owners of lots with room to build. It concerns others too: people who invested in new construction, because they preferred rural living to city congestion. You may consider them the "opposition" but their "still small voice" has a right to be heard.

Is this area of recently-built properties really feasible for R-3 zoning? Consider the terrain. Hillside lots. Multiple dwellings demand further parking areas. There are no sidewalks. Rentals mean more children. As a resident and a parent, I know the vigilance required to keep children from the path of heedless drivers, who are under the misapprehension that our hilly streets are the Indianapolis Speedway. A preponderance of rentals means more traffic. This should be taken into consideration along with rezoning.

Let us consider our fine schools, already over-crowded. With R-3 zones flourishing with rentals, will TENANTS be taxed because the overflow requires more schools, another bond issue?

Rezoning implies petition time. Consider carefully. Will it be money in the bank, or will you be digging deeper for increased taxes?

Those interested can attend the meeting of the San Diego County Planning Commission, June 26 at 9:30 a.m. in Room 310 at the Civic Center.

Dear Editor:

Lemon Grove residents consistently show appreciation for accomplishments of local teachers as reflected in pupils' growth and behavior. When a doubt of a problem arises, people ask us to explain, or they withhold judgment and give us a chance to improve the situation. Believe me, we speak frequently of our gratitude for working in a district where we are treated with warmth and friendliness.

I know we have wonderful teachers, for I witness the fine work they do each day. But much that the general public knows of our school, it reads in the REVIEW. We are fortunate to have a paper which gives space and emphasis to our youngsters' successes, our PTA projects, and our teachers' professional activities. This you have done consistently through the ten years I have been in Lemon Grove. We school people are grateful to you.

Sincerely yours,
Evelyn S. Lauritzen,
Principal
Golden Avenue School

Editor:

The end of another school year is here and for the students and faculty at Lemon Grove Junior High, it has been very successful.

Throughout the year your paper has consistently given publicity to the positive activities of the school and students. In this age when our teenagers are generally receiving much poor publicity, it is refreshing to have a community paper that emphasizes the good things that happen to our boys and girls.

The printing of the quarterly honor rolls, citizenship lists, award winners, and the numerous photographs of school activities or projects has contributed much toward individual recognition and student morale.

We look forward to your continued support in the future.

Scout News

Boy Socuts from Troop 171 showed their skills at the annual Boy Scout Fair in Aztec Bowl on June 13. They demonstrated how to make tent poles while on a campout and how to protect their feet on long, arduous hikes.

The proper equipment for their trips was displayed in their booth, under the direction of Jim Edgil, booth chairman. Then all this equipment was shown rolled into a very small pack and attached to a packboard to show how much a Boy Scout carries on a walk-in hike.

Each patrol took charge of the booth for two hours. The time of duty and the members of the patrol were listed in the booth.

The scouts sold tickets for the fair in their own neighborhoods under the direction of Frank Norton, ticket chairman, and this district was well represented.

Things like what? Well, like a good supply of film. Buying a few extra rolls now will save you the frustration of running out of film when you're miles from the nearest store.

If you shoot Kodachrome movies or slides, a supply of Kodak Prepaid Processing Mailers is another good idea. They come in real handy. You put your exposed film in the mailer while you're still on vacation. Send it to Kodak for processing. And Kodak mails your processed film to your home. Convenient—and the price is the cost of processing alone.

Can you stand another suggestion? Then bring in the family camera and we'll see if it's in good working order. No charge, of course. If it needs repair work, we'll give you an estimate.

Or, if you don't think "old faithful" is up to the trip, we'll be glad to show you all the new Kodak and Brownie cameras that have been introduced this spring.

A new bowling alley for Lemon Grove.

New Bowling Alley Nears Completion in Lemon Grove

Construction of the new Lemon Grove Bowlero at College Avenue and Broadway is progressing on schedule, C. V. Thompson, Bowlero general manager, reported this week.

The Lemon Grove Bowlero is receiving its interior finishing touches now and installation of the lanes is scheduled to begin this week.

Jack Skirball, president of the Bowlero corporation, said the 40-lane center will open approximately August 15. There will be a formal opening with special attractions for all bowlers and the general public before the start of regular activities.

Several choice times for winter league play still are available, according to Thompson. He urged those who wish to make a league schedule reservation and those who want to help in organizing a league to call CYpress 8-9831.

Lemon Grove Bowlero will feature a complete line of Brunswick bowling equipment, including Brunswick Automatic pinsetters.

The project is being built at a cost of $2,000,000 which includes construction of the building, designed by Paderewski, Mitchell, Dean and Associates, and installation of equipment and furnishings.

The Bowlero will include an indoor-outdoor children's play area, coffee shop and Lantern Room cocktail lounge.

It is the fourth in the Bowlero bowling centers. The 56-lane Mission Valley Bowlero and the 54-lane New Jersey Bowlero at Clifton, N. J., already are in operation while the 32-lane Phoenix Bowlero, in the Maryvale section of the Arizona city, is nearing completion.

The Lemon Grove facility will feature a special homemakers' program providing lesson instruction and child-entertainment services for the ladies.

Thompson is general manager of the California-Arizona Bowlero chain and expects to name a bowling manager for the Lemon Grove luxury lanes next week.

Irrigation District Studies Pipeline Preservation Plan

A preliminary report on the protection of metal pipelines was submitted to the Helix Irrigation District Board of Directors last week.

The report was made by Harry J. Keeling, a Los Angeles consulting engineer, who has been studying District pipelines since the first of April.

Keeling was employed to review the District's present protection program and make recommendations for improvements in an effort to correct a condition which exists in steel pipelines whereby electrolysis takes place in the pipe and small pieces of metal are carried away into the soil, thus slowly eating away the pipeline.

In some areas of the District the problem has become quite serious, with steel pipe deteriorating within ten years. Through a process known as cathodic protection, Keeling proposes to induce a small electric current back into the pipelines to prevent the loss of metal into the soil. Keeling's preliminary report indicated that protection of the District's main steel lines could be brought up to a suitable standard within two years' time.

Foothills Artists Give Paintings to Hospitals

The La Mesa-Foothills Art Association donated 50 original paintings by members to several hospitals at special ceremonies last week.

Making the presentations was Mrs. Fred (Irene) Carmichael. Representatives from the following hospitals were on hand to receive the paintings: Central Community Hospital, San Diego; Hillside Hospital, San Diego; San Diego Children's Home; Navy Hospital; and Edgemoor Geriatric Hospital, Santee.

The donation of paintings is an annual event of the Foothills Art Association. Last year 40 paintings were donated. Next year all the paintings will be donated to Grossmont Hospital for the new wing which is expected to be ready by April. It is expected that about 100 paintings will be donated.

New officers installed at last week's meeting were: Mrs. Eldon (Helen) Goodall, president; Mrs. Helena Morris, first vice president; Ruth Fluegel, second vice president; Hattie Holcomb, third vice president; Kibby Lineweaver, recording secretary; Mary Robinette, corresponding secretary; Mary Hale, treasurer; Cora Payson, historian; M. L. Morris and M. K. Keller, board of directors.

The new officers will take over in the fall. Outgoing president is J. Roland McNary. Installing officer was Venus Smith, a past president.

The program of the evening was the showing of colored slides of Hawaii, presented by Mrs. Grace Bateman of Spring Valley.

The association will have a children's art class, starting June 30 and continuing each Tuesday for eight weeks. The class will be held in the Girl Scout cottage behind the La Mesa Youth Center, 9:30 to 11:30 a.m.

The class is open to children from 7 to 16 years of age. There will be a charge of $3 for the course, but the association will furnish the materials. Instructions will be given in charcoal, pastels and tempera (water colors). Instructing will be Mrs. Helen Goodall, Mrs. Mary Robinette and Matilda Flores.

Dr. Burns Attends Veterinarian's Meet

Dr. Robert F. Burns of Lemon Grove Veterinary Hospital attended the annual meeting of the California Veterinary Medical Association in Santa Monica earlier this week, at the Hotel Miramar in that city.

This year's summer conference meeting had an outstanding schedule of sessions with topics ranging from "Brucellosis in Man" to "Tranquilizers in Veterinary Practice." The distinguished list of guest speakers included both professors and practitioners of veterinary medicine as well as members of allied professions such as dentistry and human medicine. Speakers came from all sections of the state to speak before their colleagues on such timely subjects as: the newer corticosteroids in Veterinary Medicine; research in Distemper immunization programs; lameness in horses; some phases of pet bird practice; health hazards to livestock; guide dogs for the blind and their training program; anaesthesiology and safety measure; hormone implants and feed additives for livestock; disease control in zoo animals and many other scientific and applied topics.

Students Need Social Security Card for Jobs

Students who are looking for summer jobs were reminded this week that they will need social security cards.

Thomas Rambo, area representative for the Social Security Administration, said that each student should have a card before he reports for work.

"It's important that students have the card with them when they ask for a job," Rambo said, "because they might be asked for it right then. In any case, the student should remember to show the card to his employer so that he may use the name and number exactly as they appear on the card when he reports the student's wages."

He said that social security cards can be obtained at the administration's office, 203 Russ Building, 1196 Broadway, San Diego.

starts in Lawrence, Mass., on July 4, and to be eligible for awards, the contestants must cross the finish line in Spokane, Wash., by noon on July 8. Rules permit only daylight flying and winners are determined on a handicap basis computed from established "par speeds" for each make and model of aircraft.

Racing aircraft must be of at least 85 horsepower and not exceeding 350 horsepower, single or multi-engine and be "stock" models with no unusual aerodynamic or powerplant modifications.

A purse of $2,500 will be divided among the top five winners with each receiving permanent trophies. Top single award is $800. Additional awards are given for the best score between the "designated" stops on the route.

The 2,470 mile course will follow a route via Binghamton, New York; Youngstown, Ohio; Kokomo, Ind.; Chicago, Ill.; Rochester, Minn.; Fargo and Bismarck, No. Dakota; and Miles City and Helena, Montana. Time clocks, for use in recording landing and take-off times will be located at each of these "designated" airports.

Mrs. Ronald E. (Judith Ann) McMahon.

Nelson–McMahon Vows Unite Couple

Judith Ann Nelson and Ronald E. McMahon exchanged their marriage vows against a background of elegant simplicity in the First Congregational Church of Lemon Grove on Sunday afternoon, June 14.

The bride is the daughter of Mr. and Mrs. Ralph E. Nelson of 1570 Skyline Dr., Lemon Grove, and the bridegroom is the son of Mr. and Mrs. Everett B. McMahon of San Diego.

The ceremony was performed by Rev. E. Walter Smith, with Miss Marilyn Allen at the organ and William Rife as soloist.

Ushers were Robert D. Nelson, brother of the bride, and Russell Murphy. John Heldring Jr. served as best man.

The bride, escorted down the aisle by her father, wore a princess style gown of white chantilly lace over net and taffeta; the delicately scalloped neckline was outlined in pearls. Her fingertip veil of French illusion floated from a crown of seed pearls. She carried an all-white bouquet of orchids and stephanotis.

Miss Carol Kreger was maid of honor. Bridesmaids were Mrs. Anne Paules and Miss Chesley Hill. They wore dresses of aqua and coral silk organza over taffeta with matching hats. Coral and aqua glamellias comprised their crescent-shaped bouquets.

The bride's mother wore a gown of pale green silk chiffon with a corsage of green orchids. The bridegroom's mother chose an aqua dress with accents of lace at the waist and a white orchid corsage.

Miss Barbara Holsclaw and Miss Willena Hofman served as the candlelighters.

The wedding reception at Friendship Hall immediately followed the ceremony. The guest book was presided over by Patricia O'Reilly.

For her honeymoon trip north the new Mrs. McMahon wore a black and white tweed suit with black accessories. The couple will be at home at 4715 College Avenue upon their return.

The bride was graduated from San Diego State College on June 12. She is a member of Sigma Kappa Sorority and the bridegroom is a member of Alpha Tau Omega.

FIRE DEPARTMENT TESTS WATER MAINS IN GROVE

The Lemon Grove Fire Department spent the past ten days making flow tests and flushing the water mains in the District.

The work stirred up sediment in water users' lines but complaints were almost non-existent, according to Fire Chief H. O. Hensley. Speaker systems worked in the grid-areas being tested and householders were advised not to use their washing machines for a few hours. Most complaints in the past have come from householders having to do the weekly wash over because of the sediment stirred up by the tests.

The Department last week made three runs, all of them grass fires with no structure damage. Fires were on Costa Bella Street, Sweetwater Street, and Washington and Alton.

The tests are to assure sufficient pressure for emergency use.

on this section as containing 30 parcels.

Howard Taylor, chief of plans in the survey office, said plans would be ready in time for work to be submitted for bidding when the rights of way are completed, unless property owners hold up their agreement.

The project has been delayed already because of inability of property owners to cooperate, it was indicated. The work from College to Olive is not to have the parking area that the second phase will provide, as property owners did not agree on what should be done.

From College to Olive, the road will be 82 feet wide, from curb to curb, with an 18-foot island on the center and nine-foot sidewalks.

But in the Olive to Kempf area, property owners are cooperating with the county through formation of a 1911 road improvement district. Here, the road will be 62 feet wide, without the center island, and there will be 33 feet of parking area on both sides of the street, and eight-foot sidewalks.

The parking area will be separated from the street with a curb, and it will provide space for two rows of cars to park in the 33-foot space on each side of Broadway.

Plans for a similar project in the first phase of developing Broadway failed because not enough property owners signed the petitions.

Death Claims Rosina K. Jones

Rosina K. Jones, 3785 San Miguel Ave., Lemon Grove, died Thursday in a rest home in National City. She was 82 years of age and had been a Californian for 59 years.

She is survived by her son, Burton L. Jones of the same address, a brother and two sisters who live elsewhere in the state.

She was born in Wales, England, and was a member of Southeast Chapter of the Order of Eastern Star in National City.

Services were held Monday at Conrad's Lemon Grove Mortuary followed by cremation.

Urges Planning For Growing Tri-Community

(Continued)

it was just a few years ago to "a well-planned, prosperous community" because the people have had the foresight to make a master plan and get proper zoning for the area.

He said that a "1911" project has been approved for sidewalks and curbs in Casa de Oro. Sometime this fall, he said, the drainage "will go underground, we'll have the telephone poles moved and we'll have half a mile of orderly area ready for business."

"On the other hand," Ray said, "everytime a master plan is proposed for Lemon Grove, it creates an uproar. We had the same thing in Casa de Oro when a sewer system was suggested.

"We figure that the battle over the sewer system cost us a million dollars because of increased costs during the three-year delay in getting the system."

Ray said that such problems can be overcome "only if you have a community feeling that wants to overcome the problems."

The Spring Valley-Casa de Oro-Lemon Grove area has a tremendous potential for growth, Ray said. "Businesses are moving out here from downtown already," he said, "because out here we have room for parking.

"We will have to do some planning real quick if we want this to continue."

DECORATED AT DAVIS — ROTC Cadet Vernon O. Mayes of Lemon Grove was awarded the Department of the Army superior ribbon at the Chancellor's review on the Davis campus of the University of California recently. Pinning the ribbon on Mayes is Major General John J. Binns, chief of staff of the Sixth U.S. Army, San Francisco. Mayes, a freshman majoring in agricultural education, was selected for the honor because of his military and academic grades, military and campus leadership, and potential qualities as an officer. He is the son of Mr. and Mrs. V. O. Mayes, 3267 N. Jersey Avenue, Lemon Grove.

Canine Delinquency Raises Ugly Head

A case of canine delinquency was reported last week in Lemon Grove. The offender struck with the deadliness of a juvenile gang-fighter.

It happend when a little eight-year-old golden Cocked named Clancy, who lives with Mrs. William Sayward, 7456 Central Avenue, went to the front door to get out for whatever reasons little golden Cockers want out.

Standing in front of the door, with a vicious look on his face, was a Doberman Pinscher who is said to live on Daytona Street. The Doberman gave no advance warning. He attacked Clancy without provocation and gouged out one eye. Clancy is recuperating in the Lemon Grove Veterinary Hospital.

Mrs. Sayward says the Doberman is keeping her family within their yard because he habitually lurks along Central Avenue.

Mrs. Cutbirth Back at Work

Mrs. Luveda Cutbirth, manager of Wigton's Apparel, 7761 Broadway, Lemon Grove, has returned to the shop after two and a half months of illness.

During her recuperation she visited family members and friends in San Francisco.

"What helped more than anything were the cards, calls and letters from friends and acquaintances," Mrs. Cutbirth said.

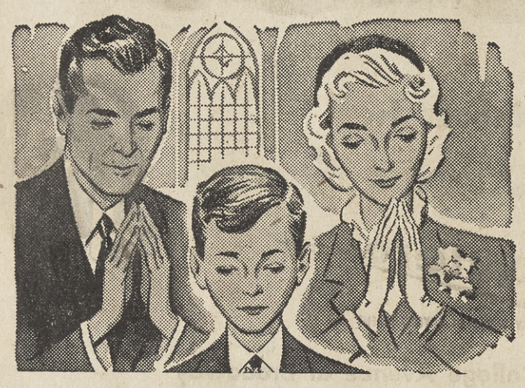
LET US ALL PRAY TOGETHER AS A FAMILY



MY PRESENCE

The Lord promised His servant of old saying, "My presence shall go with thee." Then, too, our Lord just before He ascended up on high assured His disciples saying, "Lo, I am with you always." Of all the promises of God none are more inspiring and refreshing than those which have to do with the assurance of His presence.

How true the Hym we love to sing;
"I fear no foe with Thee at hand to bless;
Ills have no weight, and tears no bitterness;
Where is death's sting? Where grave thy victory?
I triumph stilll, if Thou abide with me."
Nothing short of God's own presence can satisfy.

School Business Manager's Guess 'Right On Button'

The Lemon Grove School District business office hit the State Apportionment total "right on the head", Byron Netzley, district superintendent, told the school board Monday night.

The district had estimated that a trifle more than one million dollars would be provided by the state for local educational purposes. This included an estimated increase of $55,000. However, State Apportionment Bill 1,000 which provides $15 for every child was cut to $14. Allowance for physically and mentally retarded children, however, was increased. The apportionment bill lopped off $3,700 but the retarded aid program increased the same amount. The District's business manager is Paul Reynolds.

The board signed contracts averaging 4 and one half percent increases for the school's teaching, administrative and classified personnel.

An organizational board meeting, as required by law, will be held Wednesday, July 1, when Robert Sjogren, newly elected board member, will be seated.

Booster Club Seeks Aid In Audio-Visual Drive

Mount Miguel High School's Booster Club is sponsoring a drive for the parents in the community.

The donated books and magazines will be used for shelf and research reading, for bulletin board material, and to provide material for clipping files in the library.

The drive began among the Mount Miguel students on June 12 and is open to the community at any time.

All materials for donation should be brought to the school library if possible, otherwise the library will make arrangements for their delivery.

Anything not acceptable for library use will be donated to the Salvation Army or a charitable organization.

Local Elementary Pupils Score High in Achievement

A good majority of elementary pupils in the Lemon Grove and Spring Valley schools demonstrated this year that academic achievement here is above the national average.

According to test results announced last week by S. K. Solleder, assistant superintendent, pupils in grade three through six in all schools in Lemon Grove scored well above the national norm in all areas and fields tested.

Similar tests given in the Spring Valley schools still are being analyzed, but preliminary normal. To be at "grade level," results appear to be similar to those in Lemon Grove.

The Stanford Achievement Test, nationwide examination used by thousands of districts throughout the United States, was used. Most local pupils scored above the grade level considered average or a third grade child would score 3.8, since the test was given to him in his third year of school during the eighth month. A fourth grade pupil would score 4.8 or better to be at or above grade level; 5.8 would be the standard for the fifth grade, and the sixth grader would test at least 6.8.

Here are the results of Lemon Grove testing in the four grades. Social studies, science, and study skills are not included in the test given to pupils below the fifth grade.
